PROFILE

Aspiring engineering graduate with strong fundamentals in electronics and programming, seeking a position as GET at Tech Mahindra.

EDUCATION

ITS Engineering college ,Greater Noida

Uttar Pradesh, India

Bachelor of Technology in Electronics and Communication Engineering

2021-2025

SKILLS

Technical: C++, Data structure and algorithms, HTML, CSS, JavaScript , React

CERTIFICATIONS

- AWS APAC's Solutions Architecture on [Forage](#)
- Introduction to Generative AI" course by Google Cloud
- Prompt Engineering Introduction course by Google Cloud

PROJECTS

1. AI Career Guidance Portal

Tech Stack: React, HTML, CSS, JavaScript

A website that asks users questions about their interests, background, and skills — and then suggests career paths

- Questionnaire form (multi-step)
- Result cards with career suggestions

2. Virtual Resume Builder with Preview & Export

Tech Stack: React, HTML, CSS, JavaScript

A tool where users enter their name, experience, education, etc., and see a live preview of their resume on the right — with options to change styles/themes and **download as PDF**.

- Dynamic form builder using React
- Resume template preview using CSS Grid/Flexbox

3. Startup Idea Validator (with Scoring Logic)

Tech Stack: React, JavaScript, CSS, HTML

Users input a startup idea, and the site "scores" its potential based on input (market size, uniqueness, team, etc.) — kind of like a fun quiz mixed with business logic.

- Multi-field form with scoring logic
- Result page with feedback and rating (0–100)
